Dear Friends.

At Chiaravalle, our strategic initiatives and daily work bring to life our Montessori philosophy of developing the best versions of ourselves and embracing interdependence amongst the human family and our planet. As a community, our staff, board, and families have invested time, energy, and generous support to move us forward as an inspired, focused learning organization. Here, we are intentionally co-creating an environment where children and faculty may pursue their unique potential, and practice curiosity, compassion, and global citizenship.

In 2018-2019, year two of our multi-year strategic plan, we made important progress towards this vision. Here are a few highlights:

# Mastery Through Modern Montessori

- Language Arts curriculum development through Columbia University Teachers College
- Math curriculum enhancement and faculty coaching through Stanford University
- Investment in four teachers' Montessori certification to ensure a quality Montessori experience

# **Equity and Global Citizenship**

- School-wide adoption of a developmental, anti-racist/anti-bias curriculum
- SEED [Seeking Educational Equity and Diversity] certification for three faculty members who are leading 29 staff through this impactful national project based on the work of Dr. Peggy Macintosh

# **Community Enrichment**

· Enhancing a family's insight into the Chiaravalle experience through new progress reports and increased parent programming

# Sustaining our Vision

- Significant enhancement to our schools' technology infrastructure in tuition management, finance, human resources, and classroom communication to improve constituent experience
- Improving the environmental climate for all constituents and enhancing the daily experience of our Infant/Toddler community through the final stage of our long range facilities plan

The pursuit of these strategic priorities and the sustainability of our mission are made possible by Chiaravalle's passionate and dedicated community of families, educators, and staff. More parents than ever are choosing Chiaravalle as a partner in their child's educational journey and as the beneficiary of their precious time and financial abundance. It is this strong spirit of philanthropy that has allowed us to surpass our 2018-2019 fundraising goal through the Annual Fund and Spring Benefit. In fact, we exceeded all annual levels of giving in nearly a decade. These muchneeded funds directly impact Chiaravalle's ability to realize its strategic priorities, such as financial assistance that promotes accessibility and transformative capital enhancements.

The generations of passionate and visionary families and planners that came before us have ensured our position of strength today. We believe that it is our collective responsibility to nurture that legacy for the children and families who will enjoy the gift of Chiaravalle for decades to come. We hope that you will join us in supporting the future of Chiaravalle through continued giving and active engagement.

With deep appreciation and gratitude, we'd like to thank the many individuals and organizations who helped Chiaravalle meet and exceed its fundraising goal of \$300,000 in 2018-2019. The input of our community, hard work, and accomplishments of many established the framework for action in the upcoming year.

With gratitude,

Sarah Eck-Thompson Board Chair (2017-19) Robyn McCloud-Springer

# THE CAMPAIGN FOR CHIARAVALLE: PHASES I AND II

\$3,546,227 IN DONATIONS AND PLEDGES AS OF MAY 31, 2019

In 2009, Chiaravalle embarked upon a decade long effort to purchase and renovate our building and to replace an aging annex with a larger, flexible space called the North Wing. The Campaign for Chiaravalle: Phases I and II would not have been possible without the energy and generosity of many dedicated supporters. This listing recognizes all donors who made this incredible transformation possible.
